1.1 GENERAL

**PREFACE**

This General Specification was developed by the Technical Committee for Timber in response to requests from the industry for an updated version of section 9 of the JKR General Specification for Building and Construction Works (1988). It is hoped that specifying architects and engineers will refer to this General Specification for all Carpentry and Joinery works in future. By its nature a General Specification cannot give project specific requirements and these should always be noted separately elsewhere in contract documents.

1.1.1	Ministry of Industry and Primary Resources	Dr. Wong Teck Meng (Chairman)	1
1.1.2	Barisan Ahli-Artis dan Insan Teknik	Raj Teoh (Deputy Chairman)	2
